- *Functional Green Infrastructure Planning in New York City* Jennifer Cherrier — Florida A&M University, Jose Pillich — CUNY Graduate Center, Yehuda L. Klein — Brooklyn College
- *Economic Impact and CO2 Emissions of Electric Vehicle Society in Toyohashi City in Japan* Yuzuru Miyata — Toyohashi University of Technology, Hiroyuki Shibusawa — Toyohashi University of Technology
- *Energy Implications of Land Use and Transportation Policies in Brazil* Andressa Lemes Proque — Federal University of Bahia, Gervásio Ferreira Dos Santos — Federal University of Bahia

Discussants:

- Gervásio Ferreira Dos Santos, Federal University of Bahia
- Timothy Welch, Georgia Institute of Technology
- Christopher Harding, University of Toronto
- Yehuda L. Klein, Brooklyn College
- Yuzuru Miyata, Toyohashi University of Technology

17. Capturing Disaster and Climate Change Impacts - - Thursday Nov 13 | 8:00 AM-10:00 AM | Severn Suite

Chair: Tatiane Ameida de Menezes, Federal University of Pernambuco Brazil

- *Measuring of Indirect Losses of Natural Disasters: The Case of Great East Japan Earthquake* Nariyasu Yamasawa — Atomi University
- *The Regional Economic Accounting Tool (REAcct): Updates and Extensions* Vanessa N. Vargas — Sandia National Laboratories, Bern Caudill Dealy — University of New Mexico, Braeton J. Smith — Sandia National Laboratories
- *Externality of Stigmatized Property* Taisuke Sadayuki — University of Illinois, Urbana-Champaign
- *A Study on Port Function Continuity against Large-Scale Earthquake Disaster Considering Linkages of Agents* Eizo Hideshima — Nagoya Institute of Technology
- *Impacts of Climate Change on Dengue Risk in Brazil* Tatiane Ameida de Menezes — Federal University of Pernambuco Brazil, Paula Carvalho Pereda — University of São Paulo, Denisard C. Alves — University of São Paulo

Discussants:

- Tatiane Ameida de Menezes, Federal University of Pernambuco Brazil
- Nariyasu Yamasawa, Atomi University
- Vanessa N. Vargas, Sandia National Laboratories
- Taisuke Sadayuki, University of Illinois, Urbana-Champaign
- Eizo Hideshima, Nagoya Institute of Technology

18. Trade Topics - - Thursday Nov 13 | 8:00 AM-10:00 AM | Susquehanna Suite

Chair: Hajime Takatsuka, Kagawa University

- *A Methodology with the Intra-Industry Trade Index as a Tool for Determination of a Country's Exports* Hernan Ocampo Solarte — Universidad Autonoma de Occidente

- *Trade, Competition and R&D under Variable Elasticity of Substitution* Sergey Kokovin — NRU HSE, NRU NSU, Institute of Mathematics SBRAS, Igor Bykadorov — IM SB RAS, NRU NSU, NRU HSE, Mathieu Parenti — CORE
- *The Home Market Effect: Beyond the Constant Elasticity of Substitution* Ching-mu Chen — Tohoku University, Dao-Zhi Zeng — Tohoku University
- *An Intranational Examination of the Global Slack Hypothesis* Mark Wynne —
- *Mobile Capital, Optimal Tariff, and Welfare Loss from Tariff Competition* Hajime Takatsuka — Kagawa University, Dao-Zhi Zeng — Tohoku University

Discussants:

- Hajime Takatsuka, Kagawa University
- Hernan Ocampo Solarte, Universidad Autonoma de Occidente
- Sergey Kokovin, NRU HSE, NRU NSU, Institute of Mathematics SBRAS
- Ching-mu Chen, Tohoku University
- Mark Wynne

19. GeoComputation 1: Spatial Analysis 1 - - Thursday Nov 13 | 8:00 AM-10:00 AM | Waterford Suite

Organizers: Andrew Crooks, George Mason University ; Jean-Claude Thill, University of North Carolina, Charlotte

Chair: Belinda Archibong, Columbia University

- *Adjusted Variance Estimates in Eigenvector Spatial Filtering* Yongwan Chun — University of Texas, Dallas, Daniel A. Griffith — University of Texas, Dallas
- *Urban Sprawl in Spain: Differences among Cities and Causes* Fernando Rubiera-Morollón — University of Oviedo
- *Accounting for Facility Crowding in Individual-Based Estimates of Accessibility* Mario Reyes — McMaster University, Antonio Paez — McMaster University, Catherine Morency — Ecole Polytechnique
- *Geography of Infrastructure Functionality at Schools in Nigeria: Evidence from Spatial Data Analysis Across Local Government Areas* Belinda Archibong — Columbia University

Discussants:

- Belinda Archibong, Columbia University
- Yongwan Chun, University of Texas, Dallas
- Fernando Rubiera-Morollón, University of Oviedo
- Mario Reyes, McMaster University

20. Regional/Rural Development I: The Geography of Inequality and Income Mobility I: Inequality - Formal Paper Session - Thursday Nov 13 | 8:00 AM-10:00 AM | Haverford Suite

Organizers: Stephan Goetz, Pennsylvania State University ; Scott Loveridge, Michigan State University; Bruce Weber, Oregon State University ; Stephan Weiler, Colorado State University; Sarah Low, USDA, Economic Research Service

Chair: Bruce Weber, Oregon State University

- *Quasi-Experimental Estimates of Neighborhood Effects on Children's Long-Term Outcomes* Raj Chetty — Harvard University, Nathaniel Hendren — Harvard University

- *Inequality and Poverty across the United States Assessing Economic Disparities across Counties in the Pre and Post-Recession Periods* Mike Betz — Ohio State University, Linda Lobao — Ohio State University, Mark D. Partridge — Ohio State University

- *A Tale of Two Provinces: Comparative Space-Time Analysis and Modeling of Economic Disparity between Coastal and Inland China* Xinyue Ye — Kent State University, Zheyang Wang — Kent State University

Discussants:

- Xinyue Ye, Kent State University
- Esteban Fernandez-Vázquez, University of Oviedo
- Ledia Guci, Bureau of Economic Analysis
- Oleg A. Smirnov, University of Toledo
- Joilson Assis Cabral, Rural Federal University of Rio de Janeiro

59. Input-Output Methods - - Thursday Nov 13 | 4:00 PM-6:00 PM | Embassy Suite

Chair: Randall W. Jackson, West Virginia University

- *Disaggregating Input-Output Tables in Time: The Temporal Input-Output Framework* Andre Fernandes Tomon Avelino — University of Illinois, Urbana-Champaign
- *Endogenous Local Government Spending and Fiscal Multipliers in a Metropolitan Input-Output System* Eduardo A. Haddad — Universidade de São Paulo, Michael L. Lahr — Rutgers University
- *Shaping Urban Economies: A Commuting Satellite Account in an I/O Framework* Joao Pedro Ferreira — University of Coimbra, Pedro Ramos — University of Coimbra, Luis Cruz — University of Coimbra, Eduardo Barata — University of Coimbra
- *The Extended Econometric Input-Output Model with Heterogeneous Household Demand System* Kijin Kim — University of Illinois, Urbana-Champaign, Kurt Kratena — Austrian Institute of Economics Research (WIFO), Geoffrey J.D. Hewings — University of Illinois, Urbana-Champaign
- *Consistent Cross-Hauling Estimation for Input-Output Regionalization Methods* Randall W. Jackson — West Virginia University, Christa D. Court — MRIGlobal

Discussants:

- Randall W. Jackson, West Virginia University
- Andre Fernandes Tomon Avelino, University of Illinois, Urbana-Champaign

- Eduardo A. Haddad, Universidade de São Paulo
- Joao Pedro Ferreira, University of Coimbra
- Kijin Kim, University of Illinois, Urbana-Champaign

60. LRPC (Invitation Only) - - Thursday Nov 13 | 4:00 PM-6:00 PM | Executive Boardroom

61. Location Modeling - - Thursday Nov 13 | 4:00 PM-6:00 PM | Lalique Suite

Chair: Naoru Koizumi, George Mason University

- *Will the Real Optimal Solution Stand Up: Solving the Maximal Covering Shortest Path Problem* Timothy Niblett — University of California, Santa Barbara, Rick Church — University of California, Santa Barbara
- *Locating City Green Spaces for Public Access: A Location-Allocation Modeling Approach with Uncertain Parameters* Xiaoling Li — Cornell University
- *Dynamic Optimization and Differential Stackelberg Game Applied to Competitive Dynamic Facility Location Problem* Amir Meimand — DecisionNext Co., Terry L. Friesz — Pennsylvania State University
- *Modelling Optimal Household Location in Thin Markets: An Alternative Explanation for Leapfrog* Yong Chen — Oregon State University, Elena G. Irwin — Ohio State University, Ciryam Jayaprakash — Ohio State University
- *Mathematical Optimization and Simulation Analyses for Optimal Liver Allocation Boundaries* Naoru Koizumi — George Mason University, Amit Patel — George Mason University, Debasree Das Gupta — George Mason University, Tony E. Smith — University of Pennsylvania, Monica Gentili — University of Salerno, Rajesh Ganesan — George Mason University, Chun Hung Chen — George Mason University, Nigel Waters — George Mason University, Keith Melancon — George Washington University

Discussants:

- Naoru Koizumi, George Mason University
- Timothy Niblett, University of California, Santa Barbara
- Xiaoling Li, Cornell University
- Amir Meimand, DecisionNext Co.
- Yong Chen, Oregon State University

62. Measuring Productivity - - Thursday Nov 13 | 4:00 PM-6:00 PM | Patuxent Suite

Chair: W. Mark Brown, Statistics Canada

- *Sectorial Decomposition of Total Factor Productivity in Chile (1996-2010)* Nicolas Garrido — Diego Portales University, Patricio Aroca — Adolfo Ibañez University
- *Technical Efficiency in Mexico during the Last Twenty Years: A Stochastic Frontier Approach* Hector Nunez — CIDE, Antonio Alvarez Pinilla — University of Oviedo, Rafael Garduno-Rivera — Centro de Investigacion y Docencia Economicas, A.C. (CIDE)
- *Wages, Productivity, and Market Power* Oleksandr Shepotylo — Higher School of Economics, Philipp Ushchev — Higher School of Economics, Volodymyr Vakhitov — Kyiv School of Economics and Higher School of Economics
- *Gross Metropolitan Product: An Experimental Measure of Gross Domestic Product by Metropolitan Area in Canada, 2001 to 2009* W. Mark Brown — Statistics Canada, Luke Rispoli — Statistics Canada, Raymond Chan — Statistics Canada

Discussants:

- W. Mark Brown, Statistics Canada
- Patricio Aroca, Adolfo Ibañez University
- Hector Nunez, CIDE
- Oleksandr Shepotylo, Higher School of Economics

- Xiaofei Li, Purdue University
- Anne Fournier, EconomiX - University of Paris Ouest
- Paula Carvalho Pereda, University of São Paulo
- Terciane Sabadini Carvalho, Cedeplar/UFMG

66. GeoComputation 3: Spatial Modeling 1 - - Thursday Nov 13 | 4:00 PM-6:00 PM | Waterford Suite

Organizers: Andrew Crooks, George Mason University ; Suzana Dragicevic, Simon Fraser University

Chair: Yiwei Zhou, Rensselaer Polytechnic Institute

- *The Dasymetric Mapping for Representation of Population in Building Scale: An Estimation by Using the Geographically Weighted Regression* Sang Wook Lee — Seoul National University, Boyeong Hong — Seoul National University, Sukjoon Lee — Seoul National University, Hongmin Eom — Seoul National University, Kyung-min Kim — Seoul National University
- *Modeling Spatial Data Pooled Over Time: How to Decompose Spatial and Temporal Dimensions?* Jean Dube — Université Laval, Diego Legros — Université de Bourgogne
- *Assessing Impact of Transportation Infrastructure on Urbanization in China: A Bayesian Spatial Binary Probit Model with Endogenous Weight Matrix* Yiwei Zhou — Rensselaer Polytechnic Institute, Xiaokun (Cara) Wang — Rensselaer Polytechnic Institute

Discussants:

- Yiwei Zhou, Rensselaer Polytechnic Institute
- Sang Wook Lee, Seoul National University
- Jean Dube, Université Laval

67. Benjamin H. Stevens Fellowship Awardees Discussion Panel - Panel - Thursday Nov 13 | 4:00 PM-6:00 PM | Severn Suite

Organizers: Xiaokun (Cara) Wang, Rensselaer Polytechnic Institute ; Elizabeth Mack, Arizona State University; Peter Richards, Brown University ; David Boyce, Northwestern University

Panel Overview: *The Benjamin H. Stevens Graduate Fellowship was established in 1998 in memory of Dr. Benjamin H. Stevens (1929-1997). Each year, the fellowship provides a stipend of \$30,000 to support one student's doctoral thesis research in the field of Regional Science. Over the past fifteen years, the fellowship has supported the development of many pioneering research areas. Many of the awardees have become active researchers and educators in the field of Regional Science. In this panel session, previous fellowship awardees will share their experience of fellowship application and dissertation research, as well as their current research work and advice on early-stage career development that will be helpful for young professionals.*

Discussants:

- Xiaokun (Cara) Wang, Rensselaer Polytechnic Institute
- Elizabeth Mack, Arizona State University
- Peter Richards, Brown University
- David Boyce, Northwestern University
- Joshua M. Drucker, University of Illinois at Chicago

Discussants:

- Kieran P. Donaghy, Cornell University
- Fauziah S. Anshory Zen, Economic Research Institute for ASEAN and East Asia (ERIA)
- Katsuhiro Sakurai, Risho University
- Maurice Champagne, George Mason University

85. GeoComputation 4: Spatial Modeling 2 - - Friday Nov 14 | 8:00 AM-10:00 AM | Waterford Suite

Organizers: Andrew Crooks, George Mason University ; Suzana Dragicevic, Simon Fraser University

Chair: Zheng Wang

- *Understanding Climate Change-Induced Migration in the Central Andes of Peru via Agent-Based Computational Modeling* Jose Manuel Magallanes — George Mason University
- *Decision Support System for Flood Disaster Management* Ather Ashraf — Punjab University, Mujahid Sherdil — PDMA Punjab Pakistan
- *A Research on the Trends of Multi-Nation and Multi --Sector Carbon Emissions and Energy Uses under the Drive of the Progress of Technology* Zheng Wang —, Gaoxiang Gu —
- *Modeling Land Use Change Using Spatial Filtering Model Specification for Discrete Response* Parmanand Sinha — University of Texas, Dallas

Discussants:

- Zheng Wang
- Jose Manuel Magallanes, George Mason University
- Parmanand Sinha, University of Texas, Dallas
- Ather Ashraf, Punjab University

86. Applications of New Sources of (Big) Data in Regional Science I - Formal Paper Session - Friday Nov 14 | 8:00 AM-10:00 AM | Baccarat Suite

Organizers: Daniel Arribas-Bel, University of Birmingham; David C. Folch, Florida State University

Chair: David C. Folch, Florida State University

- *Residential Foreclosures and Non-Housing Wealth* Edward Coulson — University of Nevada, Las Vegas, Sharon I. O'Donnell — U.S. Census Bureau
- *Fast Food Data: The Usefulness of Social Media Byproducts* Seth Spielman — University of Colorado, Boulder, David C. Folch — Florida State University, Robert Manduca — Harvard University
- *Forecasting Regional Health Crises Using Google Trends* Jason Parker — Michigan State University, Scott Loveridge — Michigan State University
- *Big, Data, Smart Cities and Research Infrastructure Innovation* Robert J. Stimson — University of Melbourne, Chris Pettit — University of Melbourne, Richard Sinnott — University of Melbourne

Discussants:

- Robert J. Stimson, University of Melbourne
- Sharon I O'Donnell, U.S. Census Bureau
- Robert J. Stimson, University of Melbourne
- Jason Parker, Michigan State University

87. Location Modeling and Spatial Analytics I - Formal Paper Session - Friday Nov 14 | 8:00 AM-10:00 AM | Cabinet Suite

Organizers: Alan T. Murray, Drexel University; Tony H. Grubestic, Drexel University

Chair: Alan T. Murray, Drexel University

- *Street Light Coverage Optimization* Alan T. Murray — Drexel University, Xin Feng — Arizona State University
- *A High Performance Computing Approach for Solving the Continuous Space Set Coverage Problem* Ran Wei — University of Utah, Alan T. Murray — Drexel University
- *Conditional Packing* Matthew Niblett — University of California, Santa Barbara, Rick Church — University of California, Santa Barbara
- *Friendly and Frugal: Formulating Location Allocation Problems* Rick Church — University of California, Santa Barbara

Discussants:

- Kamyong Kim, Kyungpook National University
- Rick Church, University of California, Santa Barbara
- Xin Feng, Arizona State University
- Ran Wei, University of Utah

88. Regional/Rural Development IV: Local Effects of Oil and Gas Extraction - Formal Paper Session - Friday Nov 14 | 8:00 AM-10:00 AM | Haverford Suite

Organizers: Stephan Weiler, Colorado State University; Sarah Low, USDA, Economic Research Service ; Jason Brown, Federal Reserve Bank of Kansas City

Chair: Andrew Boslett, University of Rhode Island

- *Where's the Boom? Assessing the Economic Impact of the Shale Revolution in Pennsylvania and Its Absence in New York* Grant Nulle — Colorado School of Mines
- *Local Capture of Oil and Gas Royalties* Jason Brown — Federal Reserve Bank of Kansas City, Jeremy G. Weber — University of Pittsburgh, Timothy Fitzgerald — Montana State University
- *Differential Experiences of Similar Shocks -- An Analysis of the Impact of Shale Drilling Booms on Suburban, Rural, and Remote Housing Markets* Michael Farren — Ohio State University
- *Valuation of Expectations: A Hedonic Study of Shale Gas Development, a Statewide Moratorium, and Local Resolutions* Andrew Boslett — University of Rhode Island, Todd Guilfoos — University of Rhode Island, Corey Lang — University of Rhode Island

Discussants:

- Jason Brown, Federal Reserve Bank of Kansas City
- Grant Nulle, Colorado School of Mines
- Andrew Boslett, University of Rhode Island
- Michael Farren, Ohio State University

89. Regional Development IV: Labor Market - Special Session - Friday Nov 14 | 8:00 AM-10:00 AM | Cartier Salon

Organizers: Alessandra Faggian, Ohio State University; Elizabeth Mack, Arizona State University

Chair: Cecile Détang-Dessendre, INRA - Dijon

- *Graduate Early Career Inter-Industry Mobility: A Road to Success in Dense and Less-Dense Regions?* Viktor Venhorst — University of Groningen, Philip McCann — University of Groningen

- John R. Miron, University of Toronto
- Daniel Hardy, London School of Economics
- Jungyul Sohn, Seoul National University
- Cristina I. Ibarra-Armenta, University of Glasgow

104. GeoComputation 5: Spatial Agent-based Modeling - - Friday Nov 14 | 10:30 AM-12:30 PM | Waterford Suite

Organizers: Suzana Dragicevic, Simon Fraser University; Jean-Claude Thill, University of North Carolina, Charlotte

Chair: Atesmachew B. Hailegiorgis, George Mason University

- *An Agent-Based Approach to Modeling Impacts of Permafrost on Infrastructure and Human Mobility* Atesmachew B. Hailegiorgis — George Mason University, Jose Manuel Magallanes — George Mason University, Jeff Bassett — George Mason University, Joey Harrison — George Mason University, Brendon Fuhs — George Mason University, Daniel Rogers — Smithsonian Institution, Claudio Cioffi-Revilla — George Mason University
- *Investigating Spatial Sensitivities in Coastal Development Dynamics in Response to Coastal Amenities, Risk Perceptions, and a Changing Storm Climate* Nicholas R. Magliocca — National Socio-Environmental Synthesis Center, Margaret A. Walls — Resources for the Future, Virginia D. McConnell — Resources for the Future
- *An Agent-Based Model of Human Migration in Response to Climate Change Impacts in Northern Latitudes* Brendon Fuhs — George Mason University, Jeff Bassett — George Mason University, Atesmachew B. Hailegiorgis — George Mason University, Jose Manuel Magallanes — George Mason University, Joey Harrison — George Mason University, William Kennedy — George Mason University, Daniel Rogers — Smithsonian Institution, Claudio Cioffi-Revilla — George Mason University
- *Simulating Slum Policies Using a Spatial Multi-Agent Decision Support System* Amit Patel — George Mason University, Andrew Crooks — George Mason University, Naoru Koizumi — George Mason University

Discussants:

- Amit Patel, George Mason University
- Brendon Fuhs, George Mason University
- Nicholas R. Magliocca, National Socio-Environmental Synthesis Center
- Atesmachew B. Hailegiorgis, George Mason University

105. Applications of New Sources of (Big) Data in Regional Science II - Formal Paper Session - Friday Nov 14 | 10:30 AM-12:30 PM | Baccarat Suite

Organizers: Daniel Arribas-Bel, University of Birmingham; David C. Folch, Florida State University

Chair: Daniel Arribas-Bel, University of Birmingham

- *Neighborhood Effects in a Behavioral Randomized Controlled Trial* Tammy Leonard — University of Dallas, Sandi Pruitt — University of Texas, Southwestern Medical Center, Amy Hughes — University of Texas, Dallas, James C. Murdoch —, Amy McQueen —, Samir Gupta —
- *The Spatial Pattern of Inequality within Cities and Its Relation with the Local Economy* Philipp vom Berge — Insitute for Employment Research, Norbert Schanne — Insitute for Employment Research, Christopher-Johannes Schild — IAB Institute for Employment Research, Anja Wurdack — IAB Institute for Employment Research

- *Local Diversity, Demographic Sorting and the Urban Landscape* Vikram Maheshri — University of Houston, Gregorio S. Caetano — University of Rochester

Discussants:

- Daniel Arribas-Bel, University of Birmingham

- Tammy Leonard, University of Dallas
- Norbert Schanne, Insitute for Employment Research
- Vikram Maheshri, University of Houston
- Donald R. Davis, Columbia University

106. Location Modeling and Spatial Analytics II - Formal Paper Session - Friday Nov 14 | 10:30 AM-12:30 PM | Cabinet Suite

Organizers: Alan T. Murray, Drexel University; Tony H. Grubestic, Drexel University

Chair: Ran Wei, University of Utah

- *Detecting Racial Gerrymandering Using Normalized Mass Moment of Inertia Methods* Levi J. Wolf — Arizona State University, Wenwen Li — Arizona State University, Chao Fan — Arizona State University, Alan T. Murray — Drexel University
- *Local Spatiotemporal Modeling of House Prices: A Mixed Model Approach* Jing Yao — University of St. Andrews, Stewart Fotheringham — Arizona State University
- *Alcohol Access and Availability: Measuring Potential in Washington State* Tony H. Grubestic — Drexel University, Ran Wei — University of Utah
- *Exploring the Effects of Scalable Housing Submarket Delineation and Neighborhood Definition on Spatial Hedonic Modeling* Gunhak Lee — Seoul National University, Daeheon Cho — Seoul National University, Kamyong Kim — Kyungpook National University

Discussants:

- Gunhak Lee, Seoul National University
- Levi J. Wolf, Arizona State University
- Jing Yao, University of St. Andrews
- Tony H. Grubestic, Drexel University

107. Regional/Rural Development V: Policy - Formal Paper Session - Friday Nov 14 | 10:30 AM-12:30 PM | Haverford Suite

Organizers: Stephan Weiler, Colorado State University; Sarah Low, USDA, Economic Research Service

Chair: Peter Stenberg, USDA, Economic Research Service

- *Losses from Trade in Krugman's Model: Almost Impossible* Igor Bykadorov — IM SB RAS, NRU NSU, NRU HSE, Alexey Gorn — Bocconi University, Sergey Kokovin — NRU HSE, NRU NSU, Institute of Mathematics SBRAS

Discussants:

- Igor Bykadorov, IM SB RAS, NRU NSU, NRU HSE
- Yamano Norihiko, University of Illinois
- Andrea R. Lamorgese, Bank of Italy
- Jinhwan Oh, Ewha Womans University
- Sergey Kichko, National Research University Higher School of Economics

121. Urban Economic Theory and Applications - - Friday Nov 14 | 1:30 PM-3:30 PM | Tiffany Salon

Chair: Oded Hochman, Ben Gurion University, Beer Sheva

- *A Dynamic Extension of the Urban Spatial Equilibrium Model* Yuh Yamashita — Hokkaido University, Mitsuru Ota — University of Tsukuba
- *Where Have All the Good Doctors Gone? A Theoretical and Empirical Investigation into the Effect of Housing Cost and Land Prices on the Location Choice of Practicing Doctors in the State of California* Stephen J. Popick — George Washington University

- *Land Values: Size Matters-Up to a Point* Herman Li — University of Nevada, Las Vegas, Terrence M. Clauretie — University of Nevada, Las Vegas
- *Space Allocation and Departmentalisation within High-Rise Urban Shopping Centres in Seoul* Koo-young Han — Seoul National University, Kyung-min Kim — Seoul National University
- *Fundamentals of Urban Economics Theory* Oded Hochman — Ben Gurion University, Beer Sheva

Discussants:

- Oded Hochman, Ben Gurion University, Beer Sheva
- Mitsuru Ota, University of Tsukuba
- Stephen J. Popick, George Washington University
- Herman Li, University of Nevada, Las Vegas
- Koo-young Han, Seoul National University

122. Energy and Natural Resources - - Friday Nov 14 | 1:30 PM-3:30 PM | Waterford Suite

Chair: Tim Komarek, Old Dominion University

- *The Local Economic Impacts of Unconventional Shale Development* Ralph Mastromonaco — University of Oregon, Peter Maniloff — Colorado School of Mines
- *Producing Energy, Protecting Food: Does Shale Energy Production Affect Retail Food Options in Rural Communities?* Mike Betz — Ohio State University, Jill Clark — Ohio State University, Peter Chen — Arkansas Tech
- *Economic Development Planning in Energy Rich Regions in the US and China: A CGE Analysis* Hodjat Ghadimi — West Virginia University
- *Calculate and Forecast Shadow Prices of Kinds of Consumption Water in China and its Nine Major River Basins* Xiuli Liu — Academy of Mathematics and Systems Science, Chinese Academy of Sciences
- *Crime and Natural Resource Booms: Evidence from Unconventional Natural Gas Production* Tim Komarek — Old Dominion University

Discussants:

- Tim Komarek, Old Dominion University
- Ralph Mastromonaco, University of Oregon
- Mike Betz, Ohio State University
- Hodjat Ghadimi, West Virginia University
- Xiuli Liu, Academy of Mathematics and Systems Science, Chinese Academy of Sciences

123. Applications of New Sources of (Big) Data in Regional Science III - Formal Paper Session - Friday Nov 14 | 1:30 PM-3:30 PM | Baccarat Suite

Organizers: Daniel Arribas-Bel, University of Birmingham; David C. Folch, Florida State University

Chair: Xinyue Ye, Kent State University

- *From "Big Noise" to "Big Data": A Case Study of Cross-Validation between Three Large Geographical Datasets on Visitor Flows between Regional Urban Centres* Robin Lovelace — University of Leeds, Nicolas Malleon — University of Leeds, Mark Birkin — University of Leeds, Philip Cross — University of Leeds
- *Digital Neighborhoods* Luc Anselin — Arizona State University, Sarah Williams — Massachusetts Institute of Technology

- *Sensitivity of Location-Sharing Services Data: Evidence from American Travel Pattern* Zhenhua Chen — George Mason University, Laurie A. Schintler — George Mason University
- *A Framework of Mapping Social Connections in Space and Time* Xinyue Ye — Kent State University, Chih-Hui Lai — Nanyang Technological University, Bing She — Wuhan University

Discussants:

- Zhenhua Chen, George Mason University
- Robin Lovelace, University of Leeds
- Xinyue Ye, Kent State University
- Luc Anselin, Arizona State University

124. Location Modeling and Spatial Analytics III - Formal Paper Session - Friday Nov 14 | 1:30 PM-3:30 PM |

Cabinet Suite

Organizers: Alan T. Murray, Drexel University; Tony H. Grubestic, Drexel University

Chair: Rick Church, University of California, Santa Barbara

- *A Simple Framework for Parallel Multi-Objective Optimization Using Java* Fernando Antonio Medrano — University of California, Santa Barbara, Rick Church — University of California, Santa Barbara
- *Firm Preferences for Skilled Labor and Optimal Biofuel Facility Location in the Southeastern U.S.* Dayton M. Lambert — University of Tennessee, Burt K. English — University of Tennessee, R. J. Menard — University of Tennessee, Bradley Wilson — University of Tennessee
- *Location Decision in a Remote Area: What is the Influence of the Economic Factors (and How It Spatially Varies)?* Jean Dube — Université Laval, Cédric Brunelle — Memorial University, Diego Legros — Université de Bourgogne
- *Shortest Path Travel Around Obstacles: Enhanced Spatial Processing* Insu Hong —, Alan T. Murray — Drexel University, Levi J. Wolf — Arizona State University
- *Spatial Cournot Competition in a Linear-Circular Market* Wen-Chung Guo — National Taipei University, Fu-Chuan Lai — Academia Sinica

Discussants:

- Insu Hong
- Fu-Chuan Lai, Academia Sinica
- Fernando Antonio Medrano, University of California, Santa Barbara
- Dayton M. Lambert, University of Tennessee
- Jean Dube, Université Laval

125. Regional Systems of Entrepreneurship I - Formal Paper Session - Friday Nov 14 | 1:30 PM-3:30 PM |

Diplomat Room

Organizers: Haifeng Qian, University of Iowa; Zoltan J. Acs, George Mason University

Chair: Zoltan J. Acs, George Mason University

- *The GMR-Europe.2 Model and Its Application for Entrepreneurship Policy Impact Analysis* Attila Varga — University of Pécs, Péter Járosi — University of Pécs, Tamás Sebestyén — University of Pécs, László Szerb — University of Pécs
- *Measuring the Economic Performance of Regions: Churn and Economic Dynamism* Timothy Slaper — Indiana University

- *Proximity Relations and Innovation Behaviors of Clustering Firms: Different Proximities in the Case of the Optics Cluster in the Greater Paris Region* Andre Torre — INRA
- *Measuring Regional Entrepreneurship in EU Regions based on the Regional Entrepreneurship and Development Index (REDI) methodology* Zoltan J. Acs — George Mason University, Laszlo Szerb — University of Pecs, Eva Komlosie — University of Pecs, Raquel Ortega-Argilés — University of Groningen

Discussants:

- Zoltan J. Acs, George Mason University
- Attila Varga, University of Pecs
- Timothy Slaper, Indiana University
- Andre Torre, INRA

126. Regional/Rural Development VI: Finance, Incentives, and Global Networks - Formal Paper Session - Friday Nov 14 | 1:30 PM-3:30 PM | Haverford Suite

Organizers: Stephan Weiler, Colorado State University; Sarah Low, USDA, Economic Research Service

Chair: Knut Westeren, Nord-Trøndelag University College

- *Economic Development Incentives as a Mechanism for Wealth Concentration* Cynthia Rogers — University of Oklahoma
- *The Institutional Determinants of Credit on American Indian Reservations* Peter Grajzl — Washington and Lee University, Valentina Dimitrova-Grajzl — Virginia Military Institute, Joseph Guse — Washington and Lee University, Richard Todd — Federal Reserve Bank of Minneapolis, Michael Williams — Federal Reserve Bank of Minneapolis
- *Money and Monetary Policy in Regional Economics* Peter Schaeffer — West Virginia University, David Bieri — University of Michigan

- *An Equilibrium Model of Household Sorting and Residential Land Development* H. Allen Klaiber — Ohio State University, Douglas Harvey Wrenn — Pennsylvania State University, David Newburn — University of Maryland, College Park, Elena G. Irwin — Ohio State University

Discussants:

- Elena G. Irwin, Ohio State University
- Cristina Connolly, Ohio State University
- Adam Millsap, Clemson University
- David Newburn, University of Maryland, College Park
- Albert Saiz, Massachusetts Institute of Technology

141. Applications of New Sources of (Big) Data in Regional Science IV - Formal Paper Session - Friday Nov 14 | 4:00 PM-6:00 PM | Baccarat Suite

Organizers: Daniel Arribas-Bel, University of Birmingham; David C. Folch, Florida State University

Chair: Emmanouil Tranos, University of Birmingham

- *New Data, New Applications: A Method for Transportation System Performance Monitoring* Mohja Rhoads — University of Southern California, Genevieve Giuliano — University of Southern California, Sandip Chakrabarti — University of Southern California
- *Mobile Phone Data and Motorway Traffic: Can the Former Predict the Latter?* Emmanouil Tranos — University of Birmingham
- *Freight Deliveries Directly Generated by Residential Units: An Analysis with the 2009 NHTS Data* Yiwei Zhou — Rensselaer Polytechnic Institute, Xiaokun (Cara) Wang — Rensselaer Polytechnic Institute
- *Baltimore's Post-recession Socioeconomic Environment and Local Job Access for Work-eligible Temporary Assistance for Needy Families (TANF) Recipients: A Locational Approach for Welfare-to-Work Examination* Ting Zhang — University of Baltimore

Discussants:

- Yiwei Zhou, Rensselaer Polytechnic Institute
- Mohja Rhoads, University of Southern California
- Ting Zhang, University of Baltimore
- Emmanouil Tranos, University of Birmingham

142. Location Modeling and Spatial Analytics IV - Formal Paper Session - Friday Nov 14 | 4:00 PM-6:00 PM | Cabinet Suite

Organizers: Alan T. Murray, Drexel University; Tony H. Grubestic, Drexel University

Chair: Tony H. Grubestic, Drexel University

- *Aging and Spatial Non-Uniformity in Tokyo Metropolis: Feasibility of Multi-Zonal Cohort Analysis of Census Tracts* Asao Ando — Tohoku University, Fumio Takuma — Meikai University
- *Mapping Activity/Travel Patterns Using Spatial Statistics and Space-Time Derived Measures* Ron Dalumpines — McMaster University, Darren M. Scott — McMaster University
- *Measuring Spatial Autocorrelation of Vectors* Daoqin Tong — University of Arizona, Yu Liu — Peking University, Xi Liu — Peking University
- *Transmission of Social Capital: An Agent-Based Analysis* Roberto Patuelli — University of Bologna, Eveline S. van Leeuwen — VU University Amsterdam, Lorenzo Zirulia — University of Bologna
- *Rural Airports in the United States: Network Accessibility and Implications for Air Transport Planning* Fangwu Wei — Drexel University, Tony H. Grubestic — Drexel University

Discussants:

- Roberto Patuelli, University of Bologna
- Asao Ando, Tohoku University
- Ron Dalumpines, McMaster University
- Fangwu Wei, Drexel University
- Daoqin Tong, University of Arizona

143. Regional Systems of Entrepreneurship II - Formal Paper Session - Friday Nov 14 | 4:00 PM-6:00 PM | Diplomat Room

Organizers: Haifeng Qian, University of Iowa; Zoltan J. Acs, George Mason University

Chair: Haifeng Qian, University of Iowa
