Description

Sessions on migration and demography have always played an important role [North American Meetings of the Regional Science Association International](#).

We would like to take this opportunity to organize a set of sessions on migration and demography including, but not limited to, the following themes:

- Big data and migration/demography research
- New data and methods for analysing migration
- Measuring long-run demographic shifts across regions
- Applying administrative data to the analysis of migration
- Migration and regional development

If you would like to contribute to this stream of sessions, please [submit your abstract online](#). Once submitted, you will be given a unique ID number that you will pass along to one of us (see contact information above). Please also include in the email the title, abstract, author information and contact details.

**The deadline for abstract submission is July 1, 2018.**

*Please forward this announcement to colleagues that may be interested.*

*We look forward to seeing you in San Antonio, Texas!*
