Call for Submissions
Special sessions: Location and Spatial Analysis

Alan Murray, University of California at Santa Barbara (amurray@ucsb.edu)

Ran Wei, University of California at Riverside (ranwei@ucr.edu)

The location modeling and spatial analysis sessions have long been a distinguished part of the North American Meetings of the Regional Science Association International (<http://www.narsc.org/newsite/conference/>). Special sessions on location and spatial analysis will again be a prominent part of the program at the upcoming meeting in San Antonio, Texas from November 7-10, 2018.

If you would like to contribute to this stream of sessions, please submit your abstract online (<http://www.narsc.org/newsite/conference/online-abstractsession-submission/>) and then email the title, abstract, author information and contact details to us as soon as possible.

The deadline for abstract submission is July 1, 2018. Note that the NARSC system requires a title and abstract (2,000 to 5,500 characters and spaces), and once submitted you will be given a unique ID number that you will pass along to us.

Please forward this announcement to colleagues that may be interested.

We look forward to seeing you in San Antonio, Texas!

Alan Murray & Ran Wei
