

REAL 30 YEARS

In order to celebrate the 30th anniversary of the Regional Economics Applications Laboratory (REAL) at the University of Illinois at Urbana-Champaign, special sessions entitled “REAL 30 years” will be organized by Sandy Dall’erba during the NARSC meeting. These sessions will run during the regular days of the meeting and do not require any additional registration fee. Contributions dealing with any topic/technique of relevance to the NARSC meeting are welcome. Scheduling requests will be accommodated if possible, but not always.

If you are interested in being part of these special sessions, please indicate “REAL 30 years” in the abstract submission section of the website of NARSC when submitting your paper. If you have a question, please contact Sandy Dall’erba at dallerba@illinois.edu.
